*Empowering NGOs to drive
solar green energy through
Impactful CSR initiatives*

We Are ARKA

A Rockforest vision to provide solar solutions to remote communities

We are transforming lives with our end-to-end solar solutions, combining expert consultation, customised manufacturing, and seamless project delivery. We bridge CSR and NGO goals with impact-driven proposals.

Our Team

Arka is backed with Rockforest's 17 years of experience in providing premier electrical and electronic products. Our team is committed to to meet the diverse needs of residential, commercial, and industrial applications. At Rockforest, we specialise in customised Lighting Solutions, Solar Energy products and installations.

Our Approach

- **Assess & Determine** village needs & setup solar lighting system requirements in required spaces.
- **Identify & Collaborate** with local partners (NGOs, CBOs, and gov. agencies).
- **Customize** durable, reliable and easy-to-maintain solar lighting system to the village requirement.
- **Develop** project plan (objectives, timeline, budget, & roles and responsibilities).
- **Engage** community through outreach and meetings.
- **Install** solar lighting systems with trained technicians and local community support.
- **Monitor and Evaluate** project through regular site visits, surveys and evaluations.

BENEFITS

SOLARISED POWER:

- Nurtures the land with green energy,
- is economical
- is hassle free

JOIN US

to change the present and propagate green energy. Team up to power communities with sustainable future.
